FRANCE 20/21
Presidency

The General Assembly (États Généraux) on the transition of mountain tourism will be held as part of the French presidency of the European Union's Strategy for the Alpine Region (EUSALP), extended in 2021. The event is co-organised by the NGO Transitions des Territoires de Montagne (2TM) and the french section Mountain Wilderness. They aim to be a **federating** force by bringing together a diverse group of players, **innovators** through collective implementation methods, and **forward-thinking** by the deliverables produced

CHALLENGES

-  Bring together the diverse population of mountain players to create synergy on the need to change the paradigm of the mountain ecosystem.
-  Foster appropriate conditions for implementation of the transition.
-  Create a desire to act together for a living, inhabited mountain region.

AIMS

- Enable the voices of local stakeholders to be heard
- Make the debate accessible to as many as possible
- Co-build a shared vision of the mountain regions
- Promote and communicate on existing initiatives
- Encourage local momentum to ensure full adoption of the transition
